International Life Sciences Executive

Career History

NICHOLAS CONOR INSTITUTE for Pediatric Cancer Research

Board Director

San Diego, CA 2009 – 2012

A startup, not-for-profit translational medical research and commercialization organization concentrating exclusively on cancers common to children, adolescents and young adults.

www.tnci.org

VANCOUVER PROSTATE CENTER, Genome Canada

Scientific Advisory Board, Genome Microarray Facility Vancouver, BC., 2009-2011

The facility is the DNA microarray platform for Genome British Columbia. It has supported research projects that have significant impact on the Canadian economy including growth of local biotechnology since 2001. <http://www.mafpc.ca/>

PSYNOMICS, INC.

Interim CEO, angel

San Diego, CA 2008 – May, 2010

Startup company with patented technology for psychogenetic testing. Developing PCR-based genetic tests and software for diagnosis and drug response for psychiatric diseases and efficacy testing. Initial targets are bipolar disorder and lithium. www.psynomics.com

DRUG DISCOVERY AND DEVELOPMENT COMPANY, LLC. (D-Cubed)

President, Founder.

San Diego, CA 2002 - 2008

Consulting 5+ years on VC-funded drug discovery project: novel molecules for treatment of inflammation, candidate drug molecule for Alzheimer disease. Two years as consulting interim CEO for a consumer electronics company. Six months consulting with ViaLogy, prior to full time position (below.).

VIALOGY, PLC

Vice President, Business Development

Pasadena, CA May 2003 – April, 2007

ViaLogy, PLC (LSE AiM: VIY) is a NASA JPL/Caltech incubated spin-off company to commercialize quantum resonance interferometry. Software and hardware for active signal processing in OEM products such as DNA microarray systems and net-centric devices to provide improved data quality, higher sensitivity, and network policy management. Publicly listed on London AiM market, October, 2006. www.vialogy.com

DISCOVERY PARTNERS INTERNATIONAL

Vice President, Business Development

San Diego, CA October 2001 – September 2002

Discovery Partners International, Inc (NASDAQ: DPPI) SPAC for drug discovery and development. Developed and marketed libraries of drug-like compounds, proprietary instrument from drug discovery, consumables, and contract drug discovery and development services including molecular modeling, cell-based testing and molecular screening services sold to pharmaceutical and biotech companies worldwide. DPPI was acquired by Infinity Pharmaceuticals (NASDAQ: INFI) and Galapagos NV (NASDAQ: GLPG).

NANOGEN

Senior Vice President, Sales, Marketing and Business Development

San Diego, CA October 1998 – September 2001

Nanogen, Inc. (NASDAQ: NGEN) developed and launched a laser fluorescent scanned electronic microarray chip for DNA analyses, instrument system and assays for genetic diagnostic laboratories. www.nanogen.com

INTERNATIONAL CANCER SCREENING LABORATORY

Board Director, Chairman (non-executive)

San Antonio, TX May 1998 – December 2001

Twenty-seven year-old, venture capital owned, CLIA-regulated clinical diagnostics laboratory.

MOLECULAR DYNAMICS

Senior Vice President, Sales, Marketing and Service Sunnyvale, CA November 1995 – October 1998

Molecular Dynamics (NASDAQ: MDYN) was the worldwide market leader in laser imaging scanners for protein and DNA analysis and the technology leader in confocal microscopes and laser confocal capillary electrophoresis DNA sequencing and gene expression microarray systems. MDYN was acquired in October, 1998 by Amersham Pharmacia Biotech (now GE Healthcare.)

HEWLETT- PACKARD

Palo Alto, CA 1977 – 1995

Multiple management positions with 18+ years of increasing management responsibilities in international and worldwide sales and marketing of analytical instrumentation, software, computers and consumables. In 1999 HP spun off its Analytical Products Group (APG) as Life Science and Chemical Analysis Division of Agilent Corporation in 1999.

Global Account Manager for International Olympic Committee 1980 - 1995

Manager of Information Architecture, Analytical Products Group, 1994 - 1995

Worldwide Bioscience Sales and Marketing Manager 1993 - 1994

Global Accounts Marketing Manager, APG 1989 - 1993

Regional Sales and Marketing Manager, Country Manager, Japan and Korea 1984 - 1988
