Dr. George V. Chilingar named ClimateCite Chief Scientist

Photograph, left to right, Dr. Leonid Khilyuk, Dr. Mark Chilingar, Dr. George Chilingar, Pat Boone, Tom Tamarkin, and Ph.D. Candidate, Nasrin Mohammadi

George V. Chilingar has accepted the position of Chief Science Officer in our ClimateCite nonprofit company dedicated to educating policy makers, elected leaders, the media, and the public on the real science concerning climate change and the massive deception and fraud known as AGW or anthropogenic global warming/climate change. Dr. Chilingar, as Professor Emeritus of Petroleum and Environmental Engineering, University of Southern California (USC), taught at USC for 60 years. He has written 72 books; 5 on climate. He has authored or co-authored over 500 scientific papers; 20 on climate. He has been issued 20 patents worldwide. His latest book, *“Evolution of Earth’s Climate,”* is dedicated to President Donald J. Trump and other wise political leaders in America. Pat Boone met personally with Donald Trump, Jr., and gave him a signed copy of the book to be hand delivered to President Trump.

About [ClimateCite Corp.](#): ClimateCite Corp, is a nonprofit organized exclusively for the scientific based and educational purpose of developing, preparing, promoting, and providing materials and related ancillary applications with an emphasis on climate matters, energy resources, and conservation of energy compliant with section

501 (c) (3) of the US Internal Revenue Code. For more information contact Tom Tamarkin at tt@climatecite.com or 916-482-2000 (landline) or 916-482-2020 (mobile.)

About **EnergyCite, Inc.**: EnergyCite has developed and tested its patented residential utility based home energy management system. EnergyCite's founder has been granted 7 patents on the "smart meter" and related fields in the United States, Israel, the EU, and mainland China (PRC.)

EnergyCite is securing technology and intellectual property rights through the application of U.S. patent rights for Dr. George Chilingar based on his work product of "acoustic vibration as a means of enhanced oil and natural gas production." EnergyCite is in the process of soliciting partners in the petro-energy fields to market and operate the technology comprising what it believes to be a potential multi-billion dollar business opportunity. For more information contact Tom Tamarkin at tom@energycite.com or 916-482-2000 (landline) or 916-482-2020 (mobile.)
